

Lab - Secure your API

Wherein ...

- We secure our APIEaternity Proxy using our new API Product
- By adding verification of our API (Consumer) Key

Create a Developer, Product, and App

- Using the API Product you previously created,
- Implement an APIKeyValidation Policy
- On the Developer Apps Details Page, find your APIKEY:

Credentials

Issued	Expiry	Consumer Key
Apr 19 2017 6:46 AM 14 days ago	Never	bAaxoqAioJmW6P4Fs7oLFqcO6oHBMkpk Hide
		Product
		ApiEateryProduct4

Test

- Add to your test URL:
"?apikey=<yourapikeyfromyourdeveloperappgoeshere>"
- == "Consumer Key" == "Client ID" == "Application Key" == ...

THANK YOU
